

Resurrection Day 3.218688K
www.wake-up-running.com

In the Christian Liturgical Calendar, Easter Sunday is *the* celebration of the year. It is a celebration of resurrection, of new life, of renewal. What better way to celebrate this incredible spiritual and historical event, than with a resurrection of YOUR physical self?

Please join us in taking the latest challenge from Wake-Up-Running and you too will be re-born, running over 2 miles a day, just in time for spring.

Just grab a pair of good shoes, some comfortable clothes and follow the attached plan for the next 8 weeks. Start on February 8 and you will work up to two full miles of RUNNING, yes RUNNING by Easter Sunday.

YOU CAN DO IT. Tell your friends. Tell your family. Start your healthful resurrection today!

Program: Designed for new or returning runners (Running Planet "Freshman Running Plan" modified for the holiday schedule)

Workout Length: About 30 minutes a day

Workouts: Walking >>> Walk-Run >>> Run

Intensity: Are you . . . Out of breath? (You're working too hard) . . . Able to sing a song? (You're not working hard enough) . . . Able to carry a talking conversation (You've found "just right").

Rest Days: Rest days are important to allow your body to recover (You've earned them, be sure to take them) - Don't push it. If you need an extra day of rest here and there, TAKE IT! Listen to your body.

Wake Up Running

Ordinary advice to help ordinary people "run" better lives.

Resurrection Day 3.218688K
www.wake-up-running.com
